MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Communications Intelligence Support for the Voice of America  
with Regard to Soviet Jamming

1. Referring to my memorandum to you on this subject (serial 000179 dated 8 August 1950) and your reply thereto (CIA 36086 dated 15 August 1950) - this correspondence was discussed by the Armed Forces Security Agency Council (AFSAC) yesterday afternoon. No firm position concerning AFSA participation in the program was taken, but it was decided that, because of the Comint aspects of the problem - the matter should be considered by USCIB before being forwarded to the National Security Council for decision as to the agency which should furnish support to the State Department in the Comint field is made.

2. Accordingly, I request that matter be considered by USCIB as well as by the Intelligence Advisory Committee prior to submission to the National Security Council.
